

## Chafing Dish

### Chafing Dish & Sterno

1. Use only canned fuel in burner. Sterno burns approximately 2 hours.
2. Fill the water pan (approximately 2 inches of water) before lighting the burner.
3. Low flame is sufficient to maintain proper heat.
4. Keep away from open flame.
5. Stainless steel food pans can be used for cooking and or placed in the over to retain heat.
6. Check pan during use to maintain sufficient water level. Do NOT use without water!
7. Use the sterno cups to control the heat and to protect your table cloth/table.
